

## **Sci-Fi, Fantasy and Horror**

**Rebecca Stirrup**

This course will explore the genres of science fiction, fantasy and horror from both a critical and creative perspective. We will consider the concept of genre - how it works and how writers might challenge its prescribed boundaries - through a series of writing exercises and wider reading. You will develop your understanding of science fiction, fantasy and horror and you will ultimately choose one of these genres to focus on in the development of your own, original, creative writing.

**Start date:** Thursday 12 June and running every Thursday for six weeks
